

Message from Speaker Pro Tem Delegate Adrienne Jones

I was pleased to help Winfield Elementary School kick-off *Read Across America Week* by reading a story to Ms. Paul's 4th Grade class. I was so happy to have the opportunity to read the story, *If I Were President*, and speak briefly to the class about their future plans. Some were interested in becoming President of the United States, and each student who wanted to serve as President said that they wanted to do so to help people. I want to thank the school's Assistant P, Ms.

Lori Grant, and Mr. Clifford Collins for inviting me to read to these students. I look forward to participating in events such as this at other times.

We are halfway through the 2017 Maryland General Assembly. I was so please to join my fellow Delegate, Benjamin Brooks, to host a 10th District Legislative night in Annapolis. The evening gave residents in the district an opportunity to meet with us, hear from House Speaker Michael Busch, share some of their concerns, and spend time in the gallery of the House of Delegates to witness some of the work that we do. I hope more of you will take the opportunity to visit before the session comes to an end. You may contact my office at any time to arrange a visit.
