

September 22, 2020

Dear Winfield Students and Families,

We hope you are all doing well! The Social-Emotional Learning (SEL) Team (School Counselor, School Social Worker, and SEL teacher) want you to know that even though our school building is not open, we are here to support your child during this time. We will be coordinating with administration and teachers in order to support and co-facilitate SEL lessons for your students on a monthly basis. If you have any questions about these short SEL lessons, please feel free to contact us (see information below).

Please let a member of the SEL Team or your child's teacher know if you do not want your child to participate in these mini lessons.

We will be focusing on the Collaborative for Academic, Social, and Emotional Learning (CASEL) standards, with goals related to self-awareness, self-management, social awareness, relationship skills, and decision-making skills. These lessons will help your child effectively apply the knowledge, attitudes, and skills necessary to understand and manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, and make responsible decisions.

Please reach out to us via email if you need assistance or if you have any questions or concerns.

Respectfully,

Janette Matthews, SEL Teacher

jmatthews5@bcps.org

Christina Salapata, School Counselor

csalapata@bcps.org

Denise Williams, School Social Worker
